Ebrahim Demistani, Bahrain Nursing Association

Husain Radhi, Bahrain Center for Human Rights

Tuesday, 14 June 2016
09:00am-10:00am

Room IV
Palais des Nations

Panel discussion providing a comparative look at technical cooperation programs in Bahrain. Panelists will compare and assess the ongoing attempts by OHCHR for capacity building, the UK's ongoing programs in the kingdom and their wider effects, along with Switzerland's newly announced plans for technical cooperation. Panelists from Bahrain will also give insight into what types of technical cooperation initiatives civil society members on the ground would like to see from the international community.
